

The Cats on Deck Team

This unique enclosure concept was originated by people who were heavily involved in rescue of pets here in North Florida. They recognized the need for a containment system that is extremely strong, light weight, easy to assemble, and also easy to change configuration or size! These are not cages. CatsOnDeck kits are a solid, built-to-last cat enclosure that will provide a safe environment for your cats and/or small dogs. Perfect for outdoor and indoor requirements. And, should you move, you can easily break it down and take the kit along with you.

...What makes CatsOnDeck kits so special..?

CLICK!

In business since 2008 CatsOnDeck manufactures unique modular and easy-to-assemble cat enclosures to provide your cats with a safe outdoor experience we call 'Lifestyle Enrichment'.

Our enclosures are also popular for indoor use as well. CatsOnDeck offers many accessories and the modularity of the design means you can easily increase size or change the configuration at any time. Weather is not an issue for our enclosures. We use high-grade materials to provide a top quality product that will last many years. CatsOnDeck works well on decks, patios, and lawns. Our exclusive Pet Door Access accessories can easily match up with a pet door kit installed into a sliding patio door, side slide, sash window, or wall. Take a look around and you'll agree with us when we say we're the BEST outdoor cat enclosure system available!

The Cats Meow Loft: Cats love to climb up to high spots so they can view their surroundings. Not only does this entertain, it also makes them feel safe. They enjoy high perches so they can look over the area, or as any cat owner knows: **"Reside over their kingdom from on high!"**. This is a terrific addition to any kit size except the Starter and Budget! The loft provides room for your cats to lay around, sleep, play and watch the world go by! The kits include floors with access opening, plus our extendable ramp.

Single Deck Loft (door not shown)

\$375.00

Double Deck Loft (door not shown)

\$450.00

NOTE: Cats Meow Lofts include our extendable ramp

\$150.00

Litter Module w/ NO Access Door: The Litter Module is a cube designed to keep the litter mess out of the enclosure. This package requires access from inside the enclosure to change litter.

\$250.00

Litter Module w/ Access Door: This is a nice addition to keep litter separate from the enclosure living area. This package provides the convenience of external access for cleaning litter.

Kitty Cubby Berth: Provides a great spot to sleep and lounge for one or two cats on any enclosure. Bottom has removable carpet. Dimensions: 30" x 12" x 12"
